Because this site is dedicated to free books, there ' s none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site ' s genres are presented on the homepage, so you don ' t have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).
